

North Woods - a Canadian bluegrass song

Verse

5

Chorus

9

13

On a steep rocky shore by a cool northern lake
In the shelter of a green hemlock wood
Is a place that's as peaceful as heaven must be
And I'd stay there forever if I could.

CHORUS:

Oh, I miss my Ontario home
More and more since the day I went away;
Beautiful, beautiful home in the north woods,
I'm on my way back to you today.

Banjo/Mandolin/Fiddle break

The dragonflies dipping out across the pale blue water
And the sun sifting down through the trees;
The scent of the pine boughs and the wild cry of the loon
Drifting in on the early evening breeze.

CHORUS

There's an old red canoe nestled up to the dock
And a cabin built to overlook the bay;
When I sit out on the porch and strum my guitar,
My troubled thoughts all slowly melt away.

CHORUS
